*Everything was great – I hope we can use you again.
Trainer commented on how helpful everyone was at JCS and asks me to pass on her thanks to you and your team*
Computacenter

We found the JCS Training facility to be more than sufficient to meet our training needs'. The facilities were ideal, rooms comfortable and staff friendly. We will certainly consider JCS should we require an external training venue in future'
Covanta Energy

*Thank you the venue was excellent.
I will keep your venue on file under the ones with excellent ratings.* Energy Foresight (of London)

Great, everything went well and we will definitely use the suite again should we need to. Castle Estates

I enjoyed the two days and thank you for looking after us so well. We have received some very positive feedback about the venue and if I need PCs again I will certainly book with you. Macintyre Charity

Thanks for everything. I certainly won't hesitate to use your facilities again if needed. Northamptonshire CC

We believe our Northampton location is an ideal location for delegates to converge from a wide area of the country being centrally located in the heart of England close to the centre of Northampton. 10 minutes from junction 15 of the M1 motorway traveling from the north, south and west. 10 minutes from the main arterial A14 trunk road travelling from the east.

We have associate training venues located across the UK which we have carefully selected to meet the same standard as our Northampton centre.

Train on your own systems and software. Use a connection from our systems to train on your own software. Our in house technicians can assist with any software clients needed for your training session and this can be preloaded and tested for you prior to training to ensure your day runs smoothly and you do not waste any time.

Trainer Provision
We have a large bank of qualified trainers proficient in
most software applications available to meet your training requirements

Technician support
As part of the JCS Computing Group you benefit from onsite technician support throughout ensuring everything works smoothly for you.
